

Scheduling a Contactless Road Test (After 9's) For Your Student Driver

Below is a sample email that has to be sent to the DMV at the address below in order to schedule a Contactless Road Test. This is for 16 year olds that are transitioning from a Level 2 to Level 3 (after nine's) License. You cannot set up an appointment or just show up at the DMV and expect to get served. This is the new process. Thank you to Amanda Munday for sharing this information!
